

The Arizona Legacy Circle Presents

# Night *of* Heroes

*thursday*  
**APRIL 29**

  
**Valleywise**  
Health Foundation

## *a virtual experience*

**Join us for a virtual evening  
to celebrate the courageous  
story of Stephanie and  
Christian Nielson.**

In 2004, young mom Stephanie Nielson became one of the first “mommy bloggers” when she started an online journal about the gifts of motherhood, traveling with children and creating a family home. Over the next four years, thousands of followers shared in the couple’s joy as their family grew. Their lives changed forever on August 16, 2008, when Stephanie and Christian’s small plane crashed and exploded on impact in the Arizona desert. Over the next four months, their lives and future were in the hands of medical experts at the Arizona Burn Center at Valleywise Health.

Featured on NBC’s Today Show, ABC News, The Oprah Winfrey Network and many more – and followed by supporters around the country and world – hear their heroic story of faith, hope and family firsthand on April 29 – as the Nielsons share their gratitude for the compassionate care by the first responders and medical heroes who saved their lives.
