

# 2023– 2024 impact

*about*

# VALLEYWISE HEALTH

With locations throughout Maricopa County, one of the nation's fastest growing metro areas, Valleywise Health has a proud tradition of providing exceptional care, without exception, every patient, every time.

Valleywise Health includes one of the nation's top public teaching hospitals, a world-renowned burn center, and Arizona's largest HIV primary care center. From our new state-of-the-art acute care hospital, including the Diane & Bruce Halle Arizona Burn Center and Level I Trauma Department, to three behavioral health hospitals and twelve community health centers, Valleywise Health is here for every member of our community.

# HIGHLIGHTS

New, state-of-the-art  
**Valleywise Health Medical Center**, opened for patient care June 13, 2024.

The nation's second busiest – and Arizona's only – nationally verified **adult and pediatric burn center**.

Arizona's longest-running **physician training program** is in partnership with the Creighton University Arizona Health Education Alliance.

Arizona's first **Level I Trauma Center** – opened in 1978 – serving adult and pediatric patients.

Designated court-ordered **psychiatric evaluation and treatment** provider for Maricopa County.

Two innovative **First Episode Centers** that treat teens and young adults experiencing their first episode of psychosis.

The Valleywise Community Health Center – McDowell, the first and largest provider of **HIV primary care** in Arizona with additional HIV services at the Valleywise Health Comprehensive Health Center – Mesa.

Eight **Family Resource Centers** located within community health centers across the Valley to provide resources, health information, community referrals, classes, literacy activities, and more to families in the communities we serve.

**Refugee Health Services**, providing care to patients from 69 different countries speaking more than 71 different languages.

# MAKING A *difference* FOR THE VALLEY...

For nearly 150 years, Valleywise Health has been dedicated to meeting Arizona's most critical health needs. Join us in creating healthier, happier communities across the Valley.

 **550,000+** annual patient visits

 **2,637** babies born

 **70%** of patients are financially vulnerable

 **111,276** adult and pediatric emergency visits

 **\$10.8M** Valleywise Health Foundation support of the mission

 **4,231** Valleywise Health employees

# SERVING MARICOPA COUNTY

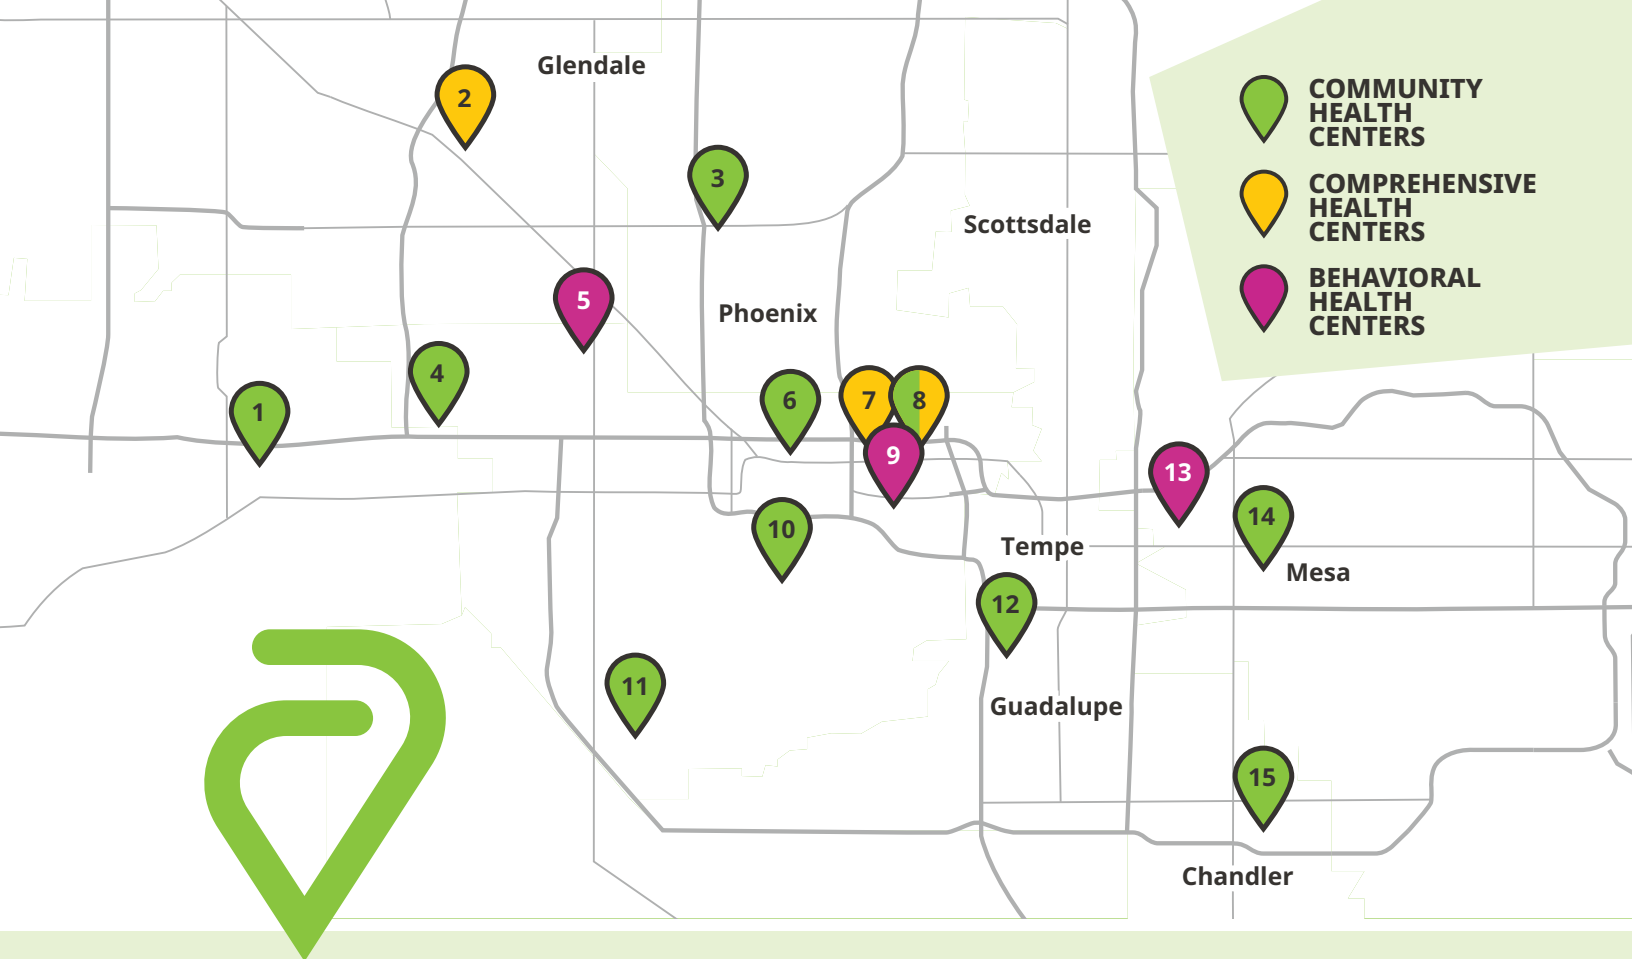

Valleywise Health has twelve Federally Qualified Community Health Centers and three Comprehensive Health Centers conveniently located throughout the Valley to provide primary and pediatric care and a wide array of specialty services depending on location. In addition to in-person appointments, Valleywise Health and our District Medical Group providers now offer telehealth appointments to better serve our patients.

When Maricopa County voters overwhelmingly approved Proposition 480 in 2014, Valleywise Health was provided with the funds needed to expand and make dramatic improvements to our facilities to offer even better care that meets the unique needs of people across our diverse communities. In recent years, Valleywise Health has opened state-of-the-art facilities in South Phoenix/Laveen, North Phoenix, Peoria, and West Maryvale.

Approximately 70 percent of Valleywise Health patients are financially vulnerable safety net patients who are uninsured, underinsured, or covered by AHCCCS, Arizona's Medicaid program. As a result of the low reimbursement received for services, we have little or no operating income that we can invest in technologies and/or services that enhance our abilities to provide exceptional care. As such, we turn to the community to support our mission.

For more information on these facilities and services, please visit [valleywisehealth.org/locations](https://valleywisehealth.org/locations).

# ALL-IN CAMPAIGN \$54 MILLION *raised*

Valleywise Health Foundation announced the successful completion of its four-year ALL IN for Valleywise Health Campaign. Led by co-chairs Nita and Phil Francis, this first major campaign effort more than doubled its original campaign goal, **ending 2023 with \$54,123,689 raised.**

The ALL IN Campaign supported program and patient needs and helped augment voter-approved bonds designated solely for renovating and rebuilding aging facilities. The philanthropic dollars raised supported burn survivorship care at the new Diane & Bruce Halle Arizona Burn Center – Valleywise Health; innovative behavioral health programs, such as the evidence-based First Episode Center; teaching Arizona's future healthcare professionals through Valleywise Health's partnership in the Creighton University Arizona Health Education Alliance; and caring for the community by serving all who seek care, regardless of their ability to pay.

“We are delighted to share this news and forever grateful to all who stepped in to change the future of community health in Arizona,” said ALL IN co-chairs Nita and Phil Francis. “When people understand the unique role Valleywise Health plays in the Valley and that supporting the public teaching health system benefits communities and hospitals throughout the region, they are eager to learn more and get involved. The critical need for philanthropy at Valleywise Health doesn’t end here, but this significant community investment, along with modern new facilities, signals to the country that metro Phoenix believes community health matters.”

The campaign culminated with the new 10-story Valleywise Health Medical Center, which opened in June 2024. The new acute care hospital has replaced the legacy teaching hospital, which opened in 1971.

Valleywise Health Foundation extends its gratitude to these committed community members whose unwavering support propelled the organization to this historic fundraising milestone.

# *the new* VALLEYWISE HEALTH MEDICAL CENTER *is open*

## Keeping our Promise to the Community

**On June 13, we opened the doors of the new Valleywise Health Medical Center**, welcoming patients to a facility light years ahead of the old “county” hospital in technology and comfort.

It stands as a symbol of hope for our community, and the completion of a promise we made to Maricopa County voters who overwhelmingly supported a \$935 million bond measure to build a new public teaching hospital and network of community health centers.

We broke ground on the new Valleywise Health Medical Center in 2020 right before the pandemic and faced major labor shortage and supply chain challenges. Yet we persisted in keeping our promise to the community and our employees – to build a hospital that provides high quality health care in a modern, dignified setting.

Patients who arrive at our new facility will find 233 private rooms that are larger and offer natural light and large spaces for visitors to share a pull-out sofa

and a picture window. An adjacent bathroom has a shower, an upgrade from the old hospital.

The Diane & Bruce Halle Arizona Burn Center, the second busiest civilian burn center in the United States, occupies the entire fourth floor, with 72,000 square feet, nearly triple the size of the old unit. It has 16 adult ICU beds, 24 adult acute care beds and 10 pediatric ICU/acute care beds, playrooms for children and teens with burn injuries and a large wellness area for physical and occupational therapy.

Our Level I Trauma Center is dramatically larger, and new adult and pediatric emergency departments provide 88 private treatment rooms.

Despite these advancements, our historic mission remains the same – to provide exceptional care to the underserved in our community. It is a legacy that began in 1877, when the county first began providing indigent care, and one that we proudly continue today.

**STEVE PURVES**  
President & CEO

# *the new center's* **FACTS**

## **BY THE NUMBERS**

- **Anticipated patient volume:** 12,898 annually (2026 projection)
- **Floors:** 10
- **Square feet:** 673,000
- **Private patient rooms:** 233
- **ICU rooms:** 44
- **Operating rooms:** 10
- **Helipads:** 2
- **Pounds of steel in frame:** 7,500,000
- **Cubic yards of concrete:** 12,169
- **Number of windows:** 444
- **Miles of data cables installed (for IT purposes):** 1.7 million feet of cable
- **Hours of emergency backup power:** Unlimited
- **Number of fire sprinklers:** 6,541
- **Investment:** In 2014, voters approved Prop 480, which provided Valleywise Health \$935 million in bonding authority to transform the Valley's public teaching hospital and safety net system of care.
- **Contributing staff:** More than 500 Valleywise Health staff participated directly in the programming/design process for the new tower.

## **DIANE & BRUCE HALLE ARIZONA BURN CENTER**

- **Founded:** 1965
- **Square feet:** 72,000 (entire fourth floor), nearly triple the size of former burn center and burn emergency department
- **Beds:** 16 adult intensive care beds; 24 adult acute care beds; 10 pediatric ICU/acute care beds

## **TRAUMA AND EMERGENCY DEPARTMENT**

- **Square feet:** 34,550
- **Trauma bays:** 6 (ED: 3 and the Burn Center: 3)
- **ED treatment rooms:** 88, including exam, trauma, triage, fast track, critical treatment, observation, and pediatric observation
- **Speed of trauma elevators:** 500 feet per minute
- **Anticipated patient volume:** 85,906 ER visits annually (2026 projection)

## **COMMITMENT TO RENEWABILITY**

- Valleywise Health has committed to energy and carbon reductions through renovation and construction of efficient buildings.
- Building construction and operational standards have been updated through-out the system including LED lighting, efficient air distribution and utilization of high-performance glass.

## GRAND OPENING OF THE VIRGINIA G. PIPER CHARITABLE TRUST PAVILION

The Virginia G. Piper Charitable Trust Pavilion opened in the fall of 2023 and now serves as a new learning and teaching hub at Valleywise Health's Phoenix campus at 24th Street and Roosevelt. This space is made possible through the generosity of the Virginia G. Piper Charitable Trust. Clinical education is housed on three dedicated floors of the six-story 106,088 square-foot facility in addition to administrative services and community meeting space for up to 300.

This pivotal \$3.2 million gift was in addition to a \$2.5 million unrestricted Piper Trust *Now is the Moment Grant* in 2021, and \$500,000 from the Trust in COVID-19 response funding in 2020.

## PEDIATRIC DOC TALK HIGHLIGHTS WHAT MAKES VALLEYWISE HEALTH PEDIATRIC DEPARTMENT DIFFERENT

In the fall of 2023, Dr. Jodi Carter and Charmaine Jackson shared invaluable insights into the remarkable work of the Valleywise Health pediatrics department at our first Doc Talk.

Their dedication to the well-being of our youngest patients is truly inspiring. Dr. Carter explains,

“ I felt called to work at a place that was not just a hospital, but an entire health system that takes care of children, one where we could really make an impact from the moment of birth so that we start these children, and these at-risk children, on a journey to set them up with their families for success. ”

## A NIGHT IN THE VALLEY 2023 RAISED OVER \$1 MILLION TO SUPPORT THE MISSION

Our largest annual philanthropic event, A Night in the Valley, supported patient and program needs for the new state-of-the-art Valleywise Health Medical Center. Guests enjoyed live music by Tyler Dial, Mark Tarbell and Generation Radio and celebrated our healthcare heroes at Valleywise Health.

The 2023 event raised over \$1 million, benefitting the Valleywise Health mission to provide exceptional care, without exception, every patient, every time.

## A BRIDGE TO HOPE WOMEN'S LUNCHEON

A Bridge to Hope Women's Luncheon is a celebration of those who show courage and resilience in the face of adversity. The 2024 event featured the Ryan family, who overcame unbelievable hardships thanks to their own determination and the outstanding support of their care team at the world-class Diane & Bruce Halle Arizona Burn Center at Valleywise Health.

## VALLEYWISE HEALTH FAMILY RESOURCE CENTERS DISTRIBUTE BACKPACKS TO FAMILIES IN NEED

Thanks to our donors and sponsors, we're helping children in the Valley start the upcoming school year healthy and ready to learn. In the summer of 2023, we raised over \$45,000, distributing over 2,800 backpacks through our eight Valleywise Health Family Resource Centers (FRC), and in 2024, we achieved record-breaking fundraising numbers, raising over \$75,000 and impacting over 3,000 children. The funds raised support families like the Zamoras. "Our family has benefited from the backpack drive and FRC curriculum for the past four years, taking part in music and fitness classes, as well as child development programs."

# *your* IMPACT

## AZIZI FAMILY'S PATH TO *belonging* WITH VALLEYWISE HEALTH FOUNDATION

Refugee Family

For the Azizi family, resettlement was filled with obstacles. Roya, a mother of four, fled Afghanistan, seeking refuge. Their journey took them from Afghanistan to Germany, New Mexico, and finally, Arizona.

Adjusting to American culture and transportation was challenging. However, the Azizi Family eventually settled into a new home, enrolled the children in school, and secured a car and a primary care physician. Edris, the eldest, embraced his new life, learning English and acting as a translator for his mom. In 2023, 16-year-old Edris was hit by a car while riding his bike to the store. He broke his arm and was treated in the emergency department at Valleywise Health. The healthcare professionals treated him with empathy and compassion, helping him heal not only physically but also emotionally. As a parent, Roya's heart sank when she saw her son Edris injured and in pain after the accident. In

that moment, her worries and fears for her children's safety surged, wondering how they would pay for his care and treatment. Thankfully, the Azizi family had already set up a primary care physician with Valleywise Health and knew where to go in their time of need. The doctors, nurses, and cultural health navigators went above and beyond to ensure Edris would recover quickly. It was a pivotal moment where Roya felt a deep appreciation for the welcoming community that had embraced them, understanding they were not alone.

The family now relies on Valleywise Health for their medical needs, feeling safe and supported by the caring community.

The Azizi family's resilience is an inspiration, and with community support, they have embraced new dreams in their new home.

**Each year, Valleywise Health serves close to 16,000 refugees, representing 69 different countries speaking more than 71 languages.**

“ I am very grateful to be safe here in the United States, and for all the care my family has received at Valleywise Health. ”  
– Edris.

# VALLEYWISE HEALTH *mental health* PATIENTS UNCOVER A LIFE WORTH LIVING

Mental illness can affect anyone, at any time. Holly, a fourth-generation Arizonan from Mesa, lived her dream as a student and athlete at Utah Valley State College until mental health issues forced her to reevaluate her priorities.

"I started experiencing the symptoms of depression and bipolar disorder when I was a junior in college," said Holly. "I was overwhelmed with the pressures of sports and school. One day, I drove myself up a mountain and brought along a bottle of painkillers and five bottles of sleeping pills with the intention of overdosing. I woke up the next morning on the trail, disoriented and unable to move. It was really scary."

After treatment and a year of medication and therapy, Holly found a "new normal", but didn't realize bipolar disorder requires lifelong treatment. Struggling with self-medication, Holly dropped out of college and abused drugs. At 23, she entered substance abuse treatment and was assigned to a SMI (Severe Mental Illness) team.

After several years of private treatment, Holly was referred to the Assertive Community Treatment (ACT) program at Valleywise Health, which supports patients with serious mental illnesses. "The ACT team at Valleywise is incredibly compassionate," Holly said. "My quality of life has greatly improved since I began working with them."

Today, Holly is involved with the 12-step community. Sharing her story about recovery and serving others through volunteerism motivates her to get out of bed each day.

“ Mental health programs are historically underfunded. By helping fund a program like ACT at Valleywise Health, donors are giving people the opportunity to recover and live a life worth living. For that, I am forever grateful. ”  
– Holly.

Scan for the full story

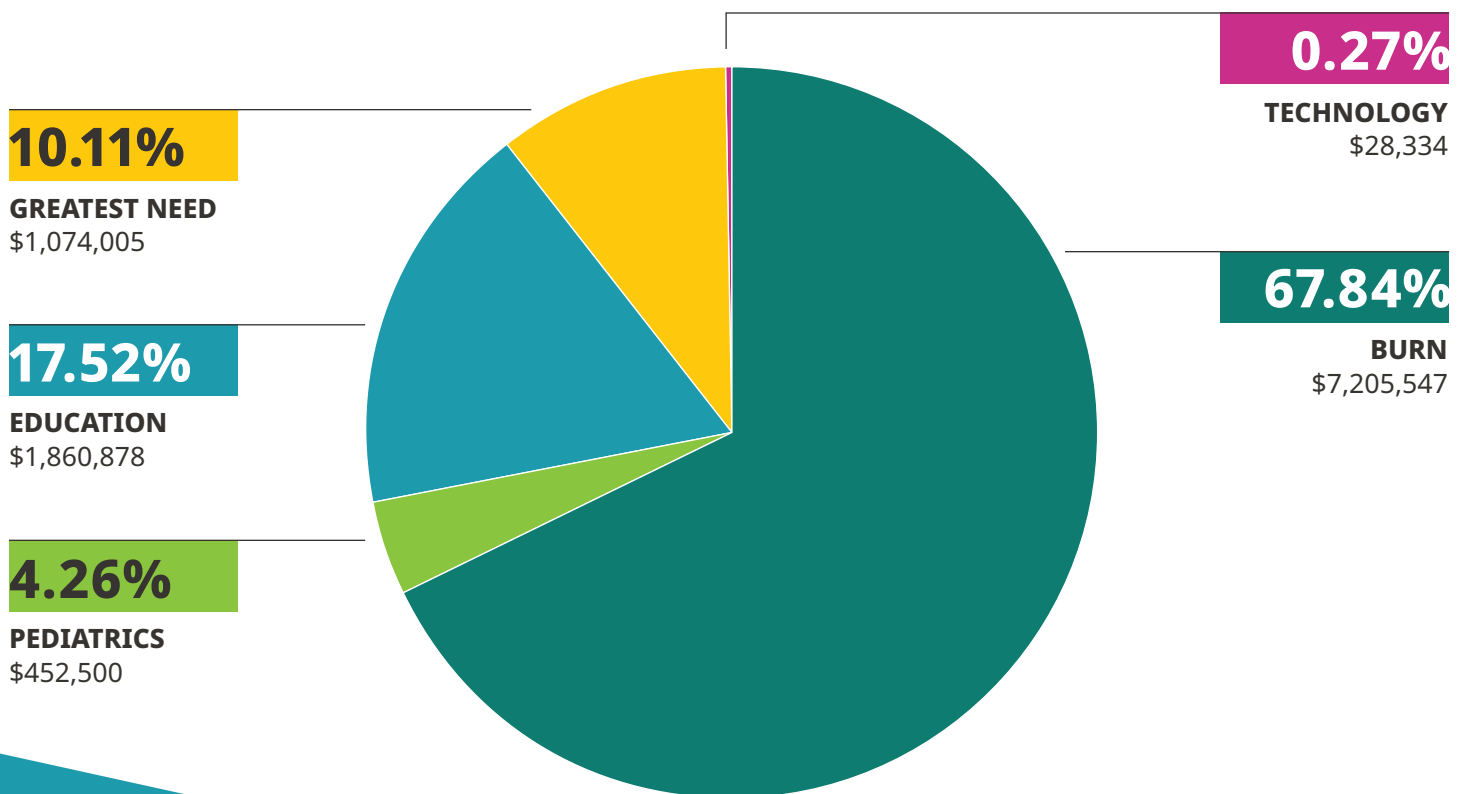

**Our Assertive Community Treatment (ACT) program provides 24-hour, comprehensive support to almost 100 members with serious mental illness, including medication assistance, counseling, recovery education, peer and family support, housing and employment assistance, skills training, and crisis intervention.**

# YOUR SUPPORT

## CARE REIMAGINED FUNDS

\$10,621,263.80

Care Reimagined captures everything we strive for – for the community and because of the community. The funds raised help expand and make dramatic capital improvements to our facilities, resources, and securing new equipment to offer even better care that consistently meets the unique needs of people all across our diverse Valley community.

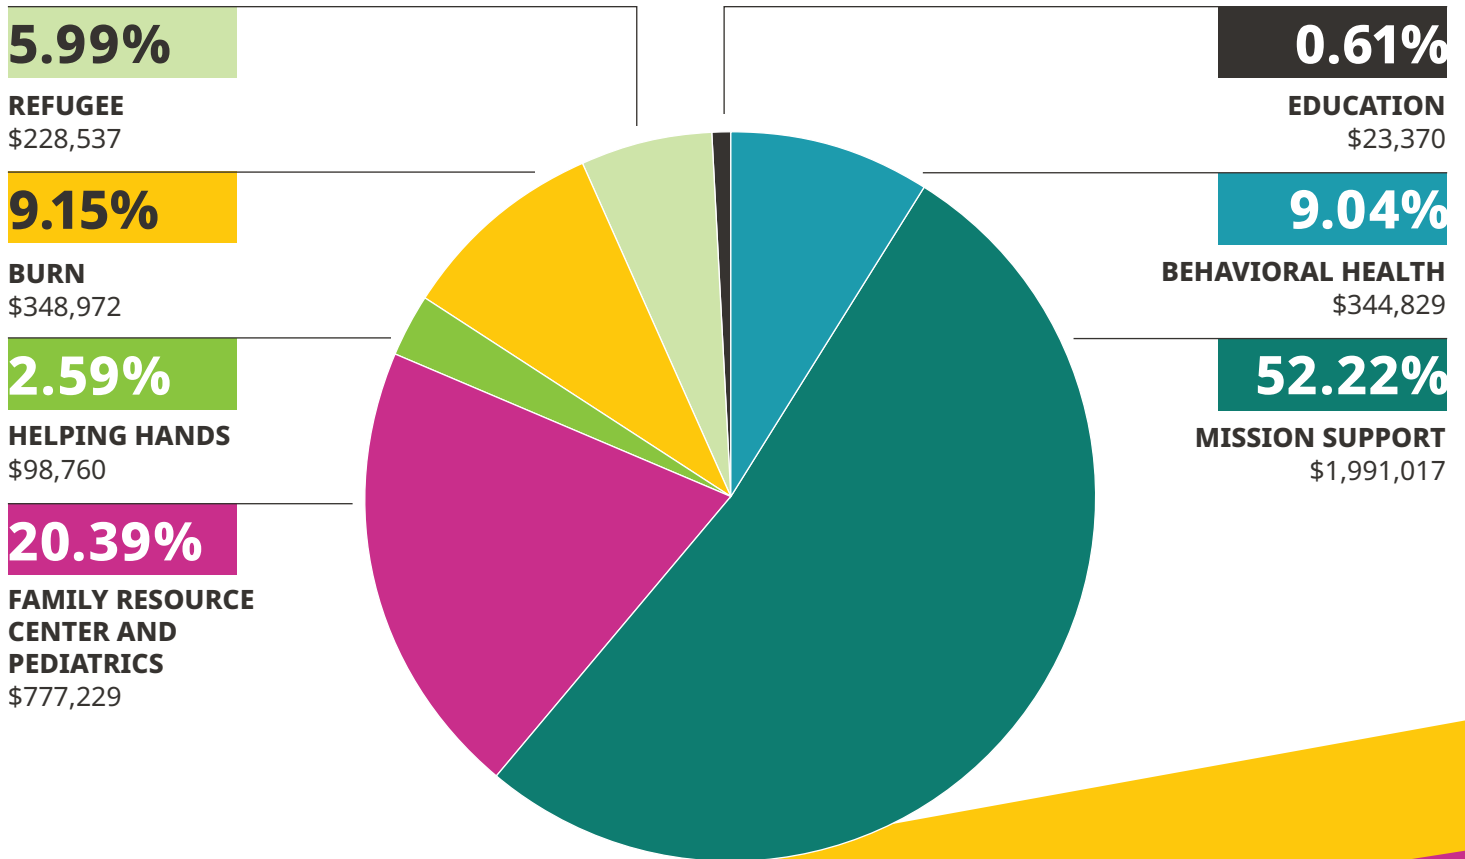

# *of the mission* 2023

## GENERAL PROGRAM FUNDS

\$3,812,713.86

Our mission is to raise funds for key Valleywise Health programs, educational resources, research, and critical patient services. When you invest in Valleywise Health through the Valleywise Health Foundation, you're partnering in our mission to create healthier, happier communities across the Valley.

Thanks to the generous supporters  
of Valleywise Health Foundation  
**\$10.8 million**  
has been provided in direct support for  
the mission of Valleywise Health

# PEOPLE

## *inspiring philanthropy*

### ANN LINSENBACH-TOMES AND JIM TOMES

Ann and Jim have been exceptional supporters through a multifaceted approach that includes personal financial support, volunteerism, and event support. They were so moved by the mission that Jim Tomes, President and CEO of Telgian Holdings, was excited to further invest in Valleywise Health Foundation through corporate giving and volunteerism at Telgian.

“ This is where people are truly going to get the best care. ”

### ANNE C. STUPP: LIFE CAN CHANGE IN AN INSTANT

After her experience at Valleywise Health, Anne's passion for philanthropy and organizations that support health and human services grew.

Being part of the philanthropic community has been Anne Stupp's passion for decades, but her relationship with the Valleywise Health Foundation goes even deeper. Not only is she a board member and part of the ALL IN Campaign, she's also a grateful patient. After her experience with necrotizing fasciitis, Anne has become even more committed to organizations that advocate for health and human services initiatives.

“ As a patient, I always remember Valleywise Health fondly because the doctors and nurses are so fantastic,” said Anne. “They are gracious, concerned and caring, not just to patients but to family members, too. From the custodians to the doctors, nurses and medical students, the team is unbeatable. ”

## ERIN AND GREG VOGEL

ALL IN Campaign Cabinet Members, Erin and Greg Vogel share the importance of legacy giving.

“ Giving to Valleywise Health in our estate plans weaves our compassion into tomorrow, securing our legacy and the community's well-being. Together, we can ensure accessible healthcare remains a cornerstone of our community's future. ”

## CATHY AND BILL HURTLE

“ We have a daughter living in the San Francisco area, who has educated us on the challenges the LGBTQ+ community faces when it comes to health care due to stigma, bias and discrimination. When looking for an organization to support here in metro Phoenix, we were directed to the Valleywise Community Health Center - McDowell. We were touched by the compassion, dignity and professional care provided by the team at the McDowell Center to all its patients. We are so honored to support their mission. ”

# faces of VALLEYWISE

## MEET NOAH ALTMAN

**Program Coordinator & Patient  
Valleywise Community Health Center – McDowell**

After receiving a sudden, life-altering HIV diagnosis, Noah found community and empowerment at the Valleywise Community Health Center – McDowell. The compassionate staff at the McDowell Clinic provided not only medical care but also educated and supported him through his journey.

“ I grew more comfortable and confident with my diagnosis and it ultimately inspired me to help those in similar situations. ”

Noah joined the McDowell Clinic team as a program coordinator in 2019. In this role, he meets with recently diagnosed patients, offering them crucial support, education and connections to community resources. This holistic approach to HIV care is designed to help patients achieve and maintain a healthy lifestyle despite their diagnosis.

## DR. ARIS MOSLEY, MD

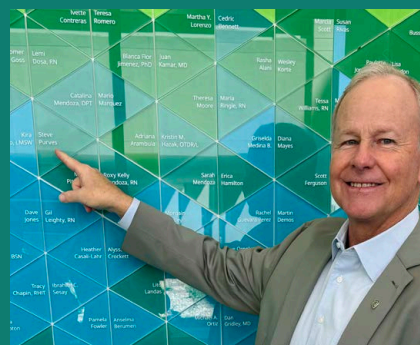

**Medical Director of the Valleywise Health  
First Episode Center**

“ Behavioral health impacts the entire community, which is why additional funding is so important. Mental health is not a you-or-me issue—it’s an everyone issue. It touches each and every one of us in some way, shape, or form. ”

SCAN FOR THE FULL STORY

We are proud to say that 717 Valleywise Health employees and DMG providers generously supported the Leave Your Mark Challenge, changing the way we look at health care in the Valley and bringing expanded resources to the most vulnerable in the community through new and renovated state-of-the-art facilities.

## MEET THAMELA BROWN

### Pediatric Emergency Department Technician

Thamela Brown, a Navajo Nation member, recalls her family's journey to Phoenix when her uncle suffered a life-threatening gunshot wound. Arriving at Valleywise Health, she noticed the Pediatric Emergency Room sign and expressed her desire to work there due to her love for children.

“Every nurse, every provider, anyone who made contact with him showed compassion. The gratitude was so comforting, especially in explaining relevant information to my parents. Healthcare providers being honest, with open communication, while engaging them in every concern, answering all their questions and acknowledging any concerns that they might have had was also comforting. Their commitment to patient care was recognized. I knew from that point that my uncle was in good hands and he was getting the best care possible. What I witnessed here at Valleywise made me feel I could fit right in.”

SCAN FOR THE FULL STORY

SCAN FOR THE FULL STORY

## DR. BRYAN ROTH

### Chief, Podiatric Medicine and Surgery

“The reason to get care in this facility 100 times over is because you know the level of the training that these physicians have, the type of patients that they have. If I'm in a car accident, for example, I can trust who's taking care of me.”

What I'm looking forward to with the new hospital being completed is almost like a rebirth. It's like this like new energy that you can literally feel it.

One of the reasons for contributing and giving to Valleywise Health Foundation is because this place is like my family. I tell people all the time I grew up at Valleywise. It's nice to see something built and blossom right in front of you. And we're all lucky to be a part of it.”

THANK YOU  
FOR LEAVING YOUR MARK

# our proud PARTNERS

We raise money to support the Valleywise Health mission – **to provide exceptional care, without exception, every patient, every time** – regardless of the neighborhood you live in or your ability to pay.

Brandon B. and Paige Rafi of Rafi Law Group have pledged a \$500,000 gift to Valleywise Health Foundation to support the pediatric intensive care unit (PICU) at the new Valleywise Health Medical Center.

“Paige and I are honored to make this multi-year pledge to Valleywise Health,” said Rafi, founder of the Rafi Law Group. “This new facility and its caring and committed medical professionals mean children and families across the Valley will have access to quality healthcare, regardless of their financial means. Healing our children is an act of hope and we are proud to invest in the health and well-being of our community’s kids.”

**RAFI**  
LAW GROUP  
Accident Attorney

Valleywise Health Foundation is grateful for a \$1.75 million gift from District Medical Group (DMG), the physician group serving all of Valleywise Health, for critical patient and program needs at Valleywise Health.

“DMG physicians not only serve the health care needs of our community’s most vulnerable, but also share their expertise and passion as teaching faculty for tomorrow’s health care leaders,” said Valleywise Health President and CEO Steve Purves. “District Medical Group physicians have provided exceptional, compassionate care at Valleywise Health for nearly 30 years. We value their continued partnership and look forward to putting this significant financial gift to use as we transform our public teaching health system to better care for those who need us most. We are grateful for this partnership and very significant gift.”

Thunderbirds Charities contributed \$500,000 in support of the Thunderbirds Charities Pediatric Burn Unit located inside the Diane & Bruce Halle Arizona Burn Center.

The Thunderbirds Charities Pediatric Burn Unit is a secured wing with private patient rooms, as well as both a pediatric playroom and dedicated teen room designed to give young patients a safe space to regain a sense of normalcy during their hospitalization. All areas are staffed by Child Life specialists, specially trained to address the needs of pediatric patients and their families in the hospital. A unique feature in the new Halle Arizona Burn Center is a state-of-the-art Wellness Center for rehabilitation therapy to support long-term physical and emotional survivorship care.

*ndemos frutas y vegetal*

CVS Health pledged more than \$3 million in new grants to support organizations in Phoenix working to increase equitable access to health care, address social determinants of health and educate the community on the effects of air pollution. This includes a multi-year award of \$2.1 million to support Valleywise Health's expansion of diabetes management and nutrition support services for Spanish-speaking patients living in the South Phoenix community, as part of a national Health Zone initiative.

CVS Health's efforts are a testament to its belief that providing the right resources can transform health outcomes, reduce generational health inequities, and improve the quality of life for entire communities.

# MEDICAL EDUCATION

Valleywise Health began Arizona's first physician training program in 1952 and today continues that proud tradition through the Creighton University Arizona Health Education Alliance, which includes Dignity St. Joseph's Hospital and Medical Center and District Medical Group.

Medical education at Valleywise Health Medical Center encompasses full-time Graduate Medical Education (GME) residents, rotating residents, medical and nursing students and allied health students. Areas of clinical focus include Emergency Medicine, Family Medicine, Obstetrics/Gynecology, Surgery, Internal Medicine, Radiology and many others.

The Arizona Legacy Circle is a growing circle of leaders actively taking a stand to improve community health.

To passionately and proactively take on the Valley's most critical health care needs – and to care for our neighbors with nowhere else to turn – we need community support.

Our Arizona Legacy Circle members are valued and impactful. Membership in the Legacy Circle is an annual commitment of \$1,000+ at the Ambassador Level, \$2,500+ for the Angel Level, and \$5,000+ at the Founder Level.

**JOIN  
THE  
LEGACY  
CIRCLE**

# *Arizona charitable* **TAX CREDIT**

The Arizona Charitable Tax Credit allows residents to receive a dollar-for-dollar reduction in their state tax liability by donating up to \$470 for single filers and \$938 for couples filing jointly.

Redirect your taxes to a qualifying charitable organization like Valleywise Health Foundation and help us create healthier, happier communities across the Valley.

**GIVE & GET BACK**

Get involved with Valleywise Health Foundation  
to make an impact today and for the future.
